B5-SCADA/ERP/GIS SYSTEMS

Welcome to the world of Technoites – Intelligent Automation At Technoites   we are dedicated to creating automated solutions for your complex facilities and operations management challenges.

- Our goal is to relieve you of the all the dull, repetitive, procedural tasks and to support you with the complex and sophisticated ones.

- Solscada is our solution for solar power facilities. It is the result of over 15 years of experience. As you would expect it is a sophisticated one-stop automation solution for everyday tasks and responsibilities. Every conceivable aspect of solar facility management has been automated.

- From maintenance, monitoring and analysis, to safety and security.

- We are committed to delivering more. Solscada goes beyond data. The solution includes a unique and proprietary 'intelligent expert system' to help propose solutions. To find out more we invite you to read on… Solscada Intelligent Automation Makes You Smarter.

- Solscada has full integration capabilities with a wide range of new and existing devices and other third party subsystems. (Inverters, weather sensors, security, safety, PLCs, etc.) I
